

---

# COVID-19 Preparedness and Response Plan

---

**Name of District:** Laingsburg Community Schools

**Address of District:** 205 South Woodhull Street, Laingsburg, MI 48848

**District Code Number:** 78040

**Web Address of the District:** <http://www.laingsburg.k12.mi.us>

**Name of Intermediate School District:** Shiawassee Regional Education Service District

## Preparedness Plan Introduction

Governor Whitmer's [Executive Order 2020-142](#) "provides a structure to support all schools in Michigan as they plan for a return of pre-K-12 education in the fall. Under the order, school districts must adopt a COVID-19 Preparedness and Response Plan laying out how they will cope with the disease across the various phases of the [Michigan Safe Start Plan](#). In turn, the accompanying Michigan Return to School Roadmap offers a guide to the types of safety protocols appropriate during each phase. There's no one-size-fits-all solution: What works in Lansing may not work in Sault Sainte Marie. Districts will retain the flexibility to tailor their instruction to their particular needs and to the disease conditions present in their regions." (EO-2020-142)

Each district (public, public school academy (PSA), nonpublic, and intermediate school district (ISD) that educates pre-K-12 students) shall submit a single completed Assurance Document and Preparedness Plan to its Board in time for approval by August 15 or seven days before the first day of school, whichever comes first. This template, when completed, serves as a single Assurance Document and Preparedness Plan.

The Preparedness Plan will be collected by the Intermediate School District for public school districts, the authorizing body for public school academies, or the chief/designated school administrator for nonpublic schools for transmission to the State Superintendent of Public Instruction and State Treasurer by August 17, 2020. Additionally, this Preparedness Plan must be posted on the district's/PSA's, or nonpublic school's public website home page no later than August 17, 2020. A single application should be filed by the district rather than multiple applications for individual schools within a district.

## Preparedness Plan Assurances

Laingsburg Community Schools agrees to meet all of the following requirements of Executive Order 2020-142

- ✓ Laingsburg Community Schools assures that when it provides in-person instruction to its students without disabilities, the district must also provide in-person instruction to its students with disabilities, consistent with their individualized education programs (IEPs).
- ✓ Laingsburg Community Schools assures that when schools are closed to in-person instruction, districts must strive in good faith and to the extent practicable, based upon available resources, technology, training, and curriculum, as well as the circumstances presented by COVID-19, to provide equal access to any alternative modes of instruction to students with disabilities from birth through age 26. This assurance includes the provision of auxiliary services under section 1296 of the Revised School Code, MCL 380.1296.
- ✓ Laingsburg Community Schools assures that while any state of emergency or disaster related to the COVID-19 pandemic continues, it shall comply with guidance from the United States Department of Education, including its Office of Civil Rights and Office of Special Education and Rehabilitative Services, and the Michigan Department of Education concerning the delivery of alternative modes of instruction to students with disabilities in light of the impact of COVID-19.
- ✓ Laingsburg Community Schools assures that it shall, to the extent practicable and necessary, make individualized determinations whether and to what extent compensatory services may be needed for students with disabilities in light of the school closures during the 2019–2020 school year.
- ✓ Laingsburg Community Schools assures that during **Phase 1, 2, or 3** of the *Michigan Safe Start Plan* it will close its buildings to anyone except: (a) District employees or contractors necessary to conduct minimum basic school operations consistent with a Preparedness Plan, including those employers or contractors necessary to facilitate alternative modes of instruction, such as distributing materials and equipment or performing other necessary in-person functions. (b) Food-service workers preparing food for distribution to students or their families. (c) Licensed child-care providers and the families that they serve, if providers follow all emergency protocols identified by the state.
- ✓ Laingsburg Community Schools assures that during **Phase 1, 2, or 3** of the *Michigan Safe Start Plan* it will suspend athletics, after-school activities, inter-school activities, and busing.
- ✓ Laingsburg Community Schools assures that during **Phase 1, 2, or 3** of the *Michigan Safe Start Plan* it will provide for the continued pay of school employees while redeploying staff to provide meaningful work in the context of the Preparedness Plan, subject to any applicable requirements of a collective bargaining agreement.
- ✓ Laingsburg Community Schools assures that in **Phases 1, 2, or 3** of the *Michigan Safe Start Plan* it will provide for the continuation of food distribution to eligible students.
- ✓ Laingsburg Community Schools assures that during **Phase 4** of the *Michigan Safe Start Plan* it will prohibit indoor assemblies that bring together students from more than one classroom.

- ✓ Laingsburg Community Schools assures cooperation with the local public health department if a confirmed case of COVID-19 is identified, and agrees to collect the contact information for any close contacts of the affected individual from two days before he or she showed symptoms to the time when he or she was last present in school.

## Preparedness Plan

Every district must develop and adopt a COVID-19 Preparedness and Response Plan (“Preparedness Plan”) that is informed by [Michigan’s 2020-21 Return to School Roadmap](#) (“Return to School Roadmap”) from the COVID-19 Task Force on Education and Return to School Advisory Council.

In accordance with Executive Order 2020-142 a plan must include all the following parts:

- A. The policies and procedures that the District will follow when the region in which the district is located is in **Phase 1, 2, or 3** of the *Michigan Safe Start Plan*.
  1. Describe how the district will offer alternative modes of instruction other than in-person instruction and a summary of materials each student and the student’s parents or guardians will need to meaningfully access the alternative modes of instruction included in the Preparedness Plan. If the Preparedness Plan relies on electronic instruction, the Preparedness Plan must consider how the district will aid students who lack access to computers or to the internet. This is also in the Continuity of Learning and COVID-19 Response Plan submitted in April. You may want to update and link to this plan in your response below.

### **District and Building Implementation Plan:**

The district plans to use a hybrid model of instruction using online learning platforms as the primary mode of instruction. Laingsburg Community Schools will be utilizing Schoology for grades 6 – 8, Canvas for grades 9 – 12 and Seesaw for grades PreK - 5. Devices (i-Pads/Chromebooks) will be made available to all students in grades PreK-12. The district is currently working with Verizon to procure hotspots for families without reliable internet access. If the district is unable to provide hotspot access to all students in need, these students will have access to instructional materials through a weekly instructional packet. Instructional materials (i.e. paper, pencils, etc) will be made available to families that do not have them. All students will have access to grade-level/course resources as needed to complete their work. Students will not be penalized for inability to fully participate provided families stay engaged with school personnel in developing personalized and realistic education plans for their child. The district will do everything it can to meet student/family needs and allow for full participation.

Teachers/Staff will be expected to make weekly contact with students and have two-way communication. This may be done through the use of technology (i.e. virtual meeting, email, Remind) or through weekly phone calls. For students with technology access teachers will also communicate multiple times each week through the appropriate Learning Management System (LMS), with an emphasis on continuing to build relationships and maintain connections. If students do not have access to technology, teachers will provide instructional packets that focus on essential content, building relationships, and maintaining connections. We will encourage relationships between students through technology (virtual meetings, email), by phone or text, or by having students write letters to classmates.

For students with technology access, content will be delivered through the online platform. Teachers will be accessible for synchronous instruction (virtual meetings/office hours) at least

once per week and asynchronous instruction through pre-made videos/lessons multiple times per week. For those students without technology, the main mode of delivery will be through hard copy instructional packets. This will be supplemented with phone conferencing to support instruction. The instructional packets will be provided during meal distribution. Packets will be mailed or delivered to the student if they do not participate in meal distribution.

For students with technology access, teachers will monitor student access and assignment completion on a regular basis within the LMS. Teachers will provide feedback to students on assignments through the instructional platform as they are completed. Teachers will differentiate instruction within the platform to meet each student's needs. For students without technology access, instructional packets will be collected each week during meal distribution. Teachers will review the instructional packet and provide feedback to the student during their weekly communication (phone call, virtual meeting, or email). Feedback from the teacher will include differentiated work as needed, along with examples to support student learning. An example of this may be providing a student that is struggling with double-digit subtraction additional practice and several written examples with the steps. A phone call would also be used as a follow-up if needed. If the student is not doing meal distribution or pick-up, packets may be mailed in to be returned (envelopes and postage would be provided by the district).

The plan will be communicated through our School Messenger communication platform, according to the preferences our parents/guardians have chosen in that system. Parents will receive an email with the plan attached, and/or a voice message and/or text message directing them to our district website where they can access. The plan will be posted in a prominent location on our district and building websites.

For our students in dual enrollment courses we will be working with the provider to determine next steps. We will ensure that the students have the appropriate materials and support to complete these courses. The students will be given a letter grade or a credit/no-credit option. For students enrolled in CTE programs we will work with the CTC Principal/Director to ensure our students have the ability to complete these courses. When needed, the district will ensure the student has the necessary resources.

If a student has access to technology, teachers will use the instructional platform to monitor student wellness, engagement, and completion of assignments. They will also keep a log of communication with students and families. If a student does not have access to technology, teachers will keep track of which students are completing the weekly instructional packets. They will also need to keep a log of all communication with students and families. Inconsistent completion and/or communication with a parent or student will be raised to the principal or counselor level to develop a plan to connect with the student and family. Additional support agencies may be sought to make these connections (31N Coordinator, DHHS, ISD supports etc.)

The district will survey all parents to determine current mental health needs and provide an online form for parents/students to request support. Based on the survey results or from requests, counselors (school counselor, 31N Coordinator, ISD supports, etc.) will reach out to individual students and families to determine what they may need. The counselors will help connect the family to outside agencies, if needed, to help meet their needs. Teachers will monitor and assess the needs of students and families through their weekly communications. If a need is identified, the teacher will follow the protocols of reporting a non-academic need, and will elevate that need to the principal or counselor to make the necessary follow-up. The principal will hold regular virtual meetings with teachers and other key staff to identify any

additional students or families in need.

B. The policies and procedures that the District will follow when the region in which the District is located is in **Phase 4** of the Michigan Safe Start Plan. Those policies and procedures must, at a minimum, include:

1. **Face coverings** (p. 22)

- a. Please describe how the district will implement **requirements** for facial coverings that at a minimum require the wearing of face coverings, except during meals and unless face coverings cannot be medically tolerated, for:
  - i) All staff and all students in grades preK-12 when on a school bus.
  - ii) All staff and all students in grades preK-12 when in indoor hallways and common areas.
  - iii) All staff when in classrooms.
  - iv) All students in grades 6 and up when in classrooms.
  - v) All students in grades kindergarten through grade 5 unless students remain with their classes throughout the school day and do not come into close contact with students in another class.

**District and Building Implementation Plan:**

- Laingsburg Community Schools recognizes that, based on constraints beyond our control, it may be necessary to offer a full-remote only learning option during Phase 4. These circumstances may include a wide-spread outbreak of COVID-19, or a situation in which we do not have appropriate staffing to continue in-person instruction, for example. Our region is currently in Phase 4.
- Laingsburg Community Schools shared a district communication with students and families on August 6, 2020 regarding two learning options to choose from prior to the start of the school year, August 20, 2020.
- Students/Families have the ability to continue with a virtual learning option as described in A.1. while our District is in Phase 4 of the Michigan Safe Start Plan.
- August 20, 2020 through September 30, 2020 students and families have the ability to choose an in-person option. Laingsburg Community Schools plans to offer a half-day of in-person learning in the morning for students and families – dismissal at ~11:30 am. We plan to evaluate our in-person option after Labor Day. Our goal is to expand the in-person daily offering until 1 pm by October 1, 2020. Given the limited capacity of our teaching staff and the number of students that are choosing the virtual learning option, we may not be able to offer a “full-day” of in-person instruction until more students return for in-person instruction.
- All students and staff will be required to wear masks 100% of the time while on district property and while in district provided transportation, except during meals and unless face coverings cannot be medically tolerated.
- The expectations for the wearing of face coverings and how to obtain clean face coverings will be included in district to parent communications, all student orientations, and all staff orientations.
- Students and parents will be provided proper protocols on the wearing of and expectations for maintenance of face coverings.
- Building, grounds, and transportation signage will be prominent throughout all school facilities and clearly identify who is required to wear face coverings in each designated area of the building, grounds, or bus.
- Fabric face coverings will be ordered and provided to every staff member. The district

will provide masks for students who come to school without masks.

- Individuals (staff or students) who claim medical exemption will need to meet with the district Health Safety Team/Principal to provide rationale and documentation. These individuals will be provided a face shield.
- Exempted individuals will be recorded in a master database and issued a sticker to display on their student or staff ID indicating this exemption.
- Students who are capable of wearing a face covering and refuse to do so in an area where a face covering is required will be issued a face covering by a school official (teacher, paraprofessional, administrator, school safety staff, playground aid, etc.) and asked to put the face covering on.
- Students showing patterns of non-compliance will be removed from the school building and placed into remote instruction until the student agrees to comply with this safety protocol. Parents will be notified of each instance of non-compliance by the administration or school office personnel. Continue removals from the school building will result in permanent placement into remote instruction with the student being banned from coming to the school site.
- Staff who are capable of wearing a face covering and refuse to do so will be addressed by the school administrator and could face progressive disciplinary measures up to and including termination.
- Guests to the school building (presenters, substitute teachers, etc) will be issued a disposable face covering upon signing in at the main office and will be instructed to wear the face covering at all times. Instances of non-compliance will result in the guest being escorted from the building.
- In instances of uncertainty about individuals not wearing face coverings, these matters will be relayed to the building administration for review and decisive action.

## 2. Hygiene

Please describe how you will implement the **requirements** for hygiene protocols from the *Return to School Roadmap* (p. 22-23).

### District and Building Implementation Plan:

- Every classroom will be supplied with hand sanitizer. Those classrooms with sinks will also have a handwashing station.
- Supplies (paper towels, soap, hand sanitizer, tissues, trash receptacles) will be checked daily and restocked in the classroom.
- Teachers will contact the office immediately if supplies run out during the school day.
- Each classroom will have a hygiene protocol with timelines that may be communicated via newsletters, bulletin boards, and the like. It will include
  - Hand-washing schedule
  - Room and materials cleaning schedule
- Teacher/staff member will teach the following to students on the first day of school and reinforce weekly or more often as needed (this may be done via video)
  - proper handwashing on the first day of school and reinforce weekly or more often if needed
  - how to cough and sneeze into their elbows, or to cover with a tissue and dispose of it in the trash
- Proper mitigation strategies including hand washing and sneezing in elbows may be communicated to families via newsletters, web pages, bulletin boards, and the like.

Parents and caregivers will be asked to review and reinforce with their students.

- Custodial staff will
  - Procure adequate soap, hand sanitizer, paper towels, and tissues
  - Post signage related to cleaning and hygiene strategies in each room, restroom, throughout the hallways before the start of school.
  - Monitor hygiene supplies and refill as needed three times daily
  - Procure hand sanitizing stations as deemed necessary with district and building leadership.
  - Sharing school supplies will be limited, and each student will have their own supply box for materials.
- A list of these supplies will be generated as appropriate for each grade level and or specific middle school or high school course and shared with families through classroom newsletters and/or from the building principal via e-mail.

### 3. Cleaning

Please describe how you will implement the cleaning **requirements** for cleaning protocols from the *Return to School Roadmap* (p. 27).

#### **District and Building Implementation Plan:**

- District Level Administrators and Building Operations will meet to review all guidance related to cleaning and disinfecting of buildings and to review the Building Operations the MI Safe Schools: Michigan's 2020-21 Return to School Roadmap.
- An inventory related to all cleaning supplies that are in compliance with the EPA-approved related to COVID will be taken and orders will be made to address increased cleaning protocols.
- Cleaning stations will be identified around the building that hold materials for usage in different wings.
- All classrooms will be provided spray bottles with EPA-approved disinfectant or diluted bleach solution, paper towels, face shield and gloves in order to address new cleaning protocols. Staff must wear gloves, a mask and face shield when cleaning.
- Each building custodial team and administrator will tour their building and identify areas of frequent usage throughout the building. A map will be created and kept secure in the head custodian room and office to ensure compliance when custodial substitutes are in the building.
- Custodial staff will walk the building wiping all high frequency usage areas throughout the day and following any evening activities in the building.
- All classrooms will have EPA-approved cleaning supplies stored in the classroom away from students. The teacher of record for the area will sanitize all frequently used materials after each class has exited with EPA-approved disinfectant. This will occur prior to the entrance of the next class.
- Classroom teachers will sanitize the student's desks every time students exit the room at the elementary or after every period (if students are transitioning out of the room) at the secondary level with EPA-approved disinfectant. Locked storage units with ventilation for cleaning materials will be available for all staff as needed. All classrooms will have the appropriate EPA-approved disinfectant in their rooms.
- A schedule for the cleaning of playground equipment will be created based on the schedule of use of the playground.
- A training on cleaning materials and protocols will be provided to the staff the first

week of school. This training will show the use of PPE when cleaning, protocols for the classroom and storage of cleaning materials.

#### 4. Athletics

Please describe how you will implement the **requirements** for athletics protocols from the *Return to School Roadmap* (p. 27).

#### District and Building Implementation Plan:

- All athletic programming will be held in the manner recommended through MHSAA or the district's athletic association.

#### 5. Screening

Please describe how you will implement the **requirements** for screening protocols from the *Return to School Roadmap* (p. 24).

#### District and Building Implementation Plan:

- The district will follow all screening protocols developed by the Shiawassee County Health Department found in the School Teachers and Administrators COVID-19 Toolkit. This plan will be reviewed monthly with the District Pandemic Response Team and the Health Department along with any referrals from the prior month.
- Each school building will identify a remote and secluded room, no smaller than 100 square feet to serve as an isolation area. This room will be outfitted with appropriate PPE including gowns, face shields, N95 Masks, gloves, sanitizing wipes, and log sheets.
- Each building will have an identified and trained staff person to serve as the "quarantine officer". These duties will take precedence over any other responsibilities and therefore this individual must have the flexibility to leave their regular assignment at a moment's notice.
- From the time of identification of potential infection, the student will not be left unattended by the quarantine officer and a log sheet of activity will be maintained at 5-minute intervals until the student or staff member is safely removed from the building.
- Parent communication will be made immediately with clear and concise directions on where and how to pick up the student and where to report for testing.
- A designated person (office staff) will contact the student/family each day after removal until test results are provided and verified before the student can return to school.
- During the time of quarantine, the student will be asked to self-identify the location and individuals they came into contact with for the past 48 hours to the best of their recollection. Priority will be placed on those individuals that they were in contact with for a sustained 15 minutes or more.
- The health department will be contacted after parents have been contacted to assist in contact tracing and notification of vulnerable individuals.
- All school staff will be required to conduct a health safety self-assessment at home prior to coming to work. This will include taking their temperature. This form was developed by the Shiawassee County Health Department.
- Staff who are unable to work due to displaying COVID-19 symptoms will be required to

report this to the school. Human Resources will monitor this and follow up with any symptomatic person to direct where, when, and how to get tested and report those results back to the school as soon as available.

- Positive tests for staff members will result in a required quarantine away from school that will be directed by the Shiawassee Health Department.

## 6. Testing

Please describe how you will implement the **requirements** for testing protocols from the *Return to School Roadmap* (p. 25).

### **District and Building Implementation Plan:**

- We will cooperate with the Shiawassee County Health Department regarding implementing protocols for testing staff and students found in the School Teachers and Administrators COVID-19 Toolkit.
  - The health department has explained the handling of most COVID-19 positive cases will be handled on a case-by-case basis
- Students who develop a fever or become ill with COVID-19 symptoms at school should wear a mask and be transported by their parent or guardian, emergency contact, or ambulance if clinically unstable, for off-site testing.
- Staff who develop a fever or become ill with COVID-19 symptoms at school should wear a mask and be transported for off-site testing.
- Symptomatic students and staff sent home from school should be kept home until they have tested negative for COVID-19, or have been released from isolation according to CDC guidelines.
- Families should be notified of the presence of any laboratory positive or clinically diagnosed cases of COVID-19 in the classroom and/or school to encourage closer observation for any symptoms at home.
- In the event of a lab or clinically diagnosed case of COVID-19, immediate efforts should be made to contact any close contacts (those who spent more than 15 minutes less than six feet in close proximity to the student or staff member) so that they can be quarantined for 14 days at home. Students and staff should be closely monitored for any symptoms of COVID-19. At this time, empiric testing of all students or staff members in the class is not recommended. Only those that develop symptoms require testing for COVID-19.
- Parents and guardians are encouraged to check students' temperature at home every morning using oral, tympanic (ear), or temporal scanners; students with a temperature of 100.4 or greater must stay home and consider coronavirus testing.
- Parents and guardians are encouraged to monitor for symptoms of COVID-19. The presence of any unexplained symptoms, including cough or shortness of breath, should prompt the parent or guardian to keep the student home from school and to follow up with their primary care provider.

### Responding to Positive Tests Among Staff and Students

Laingsburg Community Schools will cooperate with the local public health department if a confirmed case of COVID-19 is identified, and will collect the contact information for any close contacts of the affected individual from two days before he or she showed symptoms to the time when he or she was last present at the school.

- Laingsburg Community Schools will notify local health officials, staff, and students immediately of any possible case of COVID-19 while maintaining confidentiality consistent with the Americans with Disabilities Act (ADA) and other applicable federal and state privacy laws.
- The Local Health Department will initiate contact tracing, following regular public health practice. Anyone who was within close contact of the case (less than six feet apart for 15+ minutes) will be asked to self-quarantine for up to 14 days after exposure. Local health officials, depending on the situation, may identify other contacts who require quarantine. Laingsburg Community Schools will help the local health department by collecting data and contact information of those exposed.
- Laingsburg Community Schools will provide staff with guidance on confidentiality laws and statutes that protect student and staff health information.
- Employees with a confirmed case of COVID-19 will only return to the workplace after they are no longer infectious. Local health officials will provide instruction about the return to work, using the most current guidelines from the CDC for this determination.
- Cleaning staff should wear a surgical mask, gloves, and a face shield when performing cleaning of these areas.
- If possible, smaller areas such as individual classrooms should be closed for 24 hours before cleaning to minimize the risk of any airborne particles.

#### **7. Busing and Student Transportation**

Please describe how you will implement the **requirements** for busing and student transportation protocols from the *Return to School Roadmap* (p. 28).

#### **District and Building Implementation Plan:**

- Regular meetings will be held with the district transportation supervisor to review the criteria required for level IV and discuss concerns or issues arising.
- Contracts will be altered as necessary to address the cleaning, sanitizing and professional development that is needed for the fleet.
- Signage will be added to each bus to address the use of face masking of all students and drivers, use of hand sanitizers and cleaning protocols.
- Laingsburg Community Schools will assess the number of buses that may be on the road and re-evaluate weekly based on student participation rates.
- Laingsburg Community Schools has ordered hand sanitizer and supplies to be placed at the entrance of each bus.
- An ordering plan and schedule to obtain cleaning supplies in compliance with the CDC that can be utilized in the cleaning of the bus between routes and the wiping down of frequent areas of contact has been developed.
- Busses will be properly cleaned after the departure of the last child from each run once the bus has returned to the transportation garage. Logs will be maintained.
- Face masks will be available at the entrance of the bus in the event that a student does not come to the bus equipped with the necessary item.
- Communication reminders will be sent out regularly to families related to the mandatory nature of wearing a face mask on the bus and that all staff and students, if medically feasible, must wear it in order to be transported, unless "It is determined on a case by case basis that it is not safe for the bus driver to wear a facial covering."

- Communication documents will be developed to enable the drivers of the buses to know what the safety plans are for any students and who for medical reasons will not be wearing a face mask.
- Professional development will be required for all bus drivers related to the changes including the appropriate usage of face masks and policies regarding the requirement of their usage on the bus, hand sanitizing, and cleaning protocols to address the cleaning and disinfecting of the bus before and after every route. A check sheet with time and date of each cleaning will be provided to staff to complete each time the bus is cleaned.
- Bus drivers, weather permitting, will keep windows open on the bus both in route and when stopped. The transportation director will provide guidance on when windows shall be open during bus runs and when stopped.
- On those buses with specialized transportation and equipment needs, bus aides or drivers will sanitize the equipment upon entrance to the bus. This will be noted in the cleaning log.

**C. Describe the policies and procedures that the district will follow when the region in which the district is located is in Phase 5 of the Michigan Safe Start Plan.**

The policies and procedures that Laingsburg Community Schools will follow when our region is in Phase 5 of the Michigan Safe Start Plan will remain the same as the Phase 4 policies and procedures for at least 4-6 weeks. After that time, if still in Phase 5, we will review data provided by the Shiawassee Health Department to determine if or when some requirements can be relaxed.

1. Indicate which highly recommended protocols from the *Return to School Roadmap* the district will include in its Preparedness Plan when the region in which the district is located is in **Phase 5** of the *Michigan Safe Start Plan*.

Laingsburg Community Schools plans to follow all of the highly recommended items in Phase 5. The use of facemasks in grades K-5 will be expected. However, this requirement may be revisited in consultation with the local health department.

2. Indicate which highly recommended protocols from the *Return to School Roadmap* the district will not include in its Preparedness Plan when the region in which the district is located is in **Phase 5** of the *Michigan Safe Start Plan*.

As indicated above, Laingsburg Community Schools plans to follow all of the highly recommended protocols for Phase 5.

**D. After considering all the protocols that are highly recommended in the *Return to School Roadmap*, please indicate if a school plans to exclude protocols that are highly recommended for any of the categories above in **Phase 4**.**

We do not plan to exclude any protocols that are highly recommended, however we may find it difficult

on occasion to space all desks six feet apart in some classrooms given the style of desks/furniture in some of our classrooms. We are going to space students as far apart as feasible.

## Final Steps for Submission

*Each district shall submit a single completed Assurance Document and Preparedness Plan to its Board of Education (in the case of a PSA, the Academy Board of Directors; in the case of a nonpublic school, the chief or designated school administrator) in time for approval by August 15 or seven days before the first day of school, whichever comes first.*

### **Date of Approval by the District Board of Education, PSA Board of Directors, or nonpublic school chief/designated school administrator:**

The Laingsburg Community Schools Board of Education approved the District Preparedness Plan on August 6, 2020.

### **Link to the Board Meeting Minutes or Signature of Board President, or signature of nonpublic school chief/designated school administrator:**

<http://www.laingsburg.k12.mi.us>

### **Link to the approved Plan posted on the District/PSA/nonpublic school website:**

<http://www.laingsburg.k12.mi.us>

*The Preparedness Plan will be collected by the Intermediate School District for public school districts, the authorizing body for public school academies, or the chief/designated school administrator for nonpublic schools for transmission to the State Superintendent of Public Instruction and State Treasurer by August 17, 2020. Additionally, this Preparedness Plan must be posted on the district's/PSA's, or nonpublic school's public website home page no later than August 17, 2020.*

**Name of District/PSA/Nonpublic Leader Submitting Plan:** Matt Shastal, Superintendent

**Date Received by the ISD/Authorizing Body/Chief or designated School Administrator:**

**Date Submitted to State Superintendent and State Treasurer:** To be completed by ISD Superintendent
