

Laingsburg Elementary PACK Interventions

Kindergarten Interventions

K-Pals

K-PALS activities help to double the amount of practice students get with phonemic awareness and alphabetic knowledge. Each lesson includes class and pair games that teach pronunciation, letter knowledge, and phonological and phonemic awareness.

First Grade Interventions

Explode the Code

This intervention provides a systematic approach to phonic. Students progress through a sequence of skills emphasizing; vowel-sounds and patterns, consonant clusters and digraphs, syllables, and suffixes. Students learn alphabetic principle and phonological awareness skills.

Second Grade Interventions

Phonics for Reading Level 1

Lessons teach students to decode phonetically regular one-syllable words, to read high-frequency words, and to decode two-syllable words with known word parts. Sounds for short vowels are all introduced, along with double consonants, consonant digraphs and consonant blends.

Third Grade Interventions

Phonics for Reading Levels 1,2 and 3

Lessons teach students to read one-syllable words and multi-syllable words by using knowledge of letter-sound relationships and structural units such as prefixes and suffixes.

Fourth Grade Interventions

Six Minute Solution

A program targeted to increase fluency in the reader. There are three components to fluency; reading quickly, reading accurately and reading with expression. Students are paired and work together on recognizing vowel combinations, prefixes and suffixes, high-frequency words. These skill building exercises help students complete word passages at various levels of difficulty.

Rewards

Rewards is a specialized reading program designed to teach intermediate students (grades 4, 5 and 6) a flexible strategy for decoding long words and to increase their oral and silent fluency.

Fifth Grade Interventions

Rewards

Rewards is a specialized reading program designed to teach intermediate students (grades 4, 5 and 6) a flexible strategy for decoding long words and to increase their oral and silent fluency.
